British empire killed 165 million Indians in 40 years: How colonialism inspired fascism – Ben Norton

Wed 12:55 pm +01:00, 24 Jul 2024 6

posted by *danceaway*

144,966 views 12 Dec 2022

A scholarly study found that British colonialism caused approximately 165 million deaths in India from 1880 to 1920, while stealing trillions of dollars of wealth. The global capitalist system was founded on European imperial genocides, which inspired Adolf Hitler and led to fascism.

It was not the British Empire Danceaway, in reality, it was the East India Company, a private company operating out of that foreign state known as the City of London. In an attempt to cover up their crimes and place it on the British, Disraeli Victoria Empress of India!

Yes Danceaway, I know its not you saying it, but people need to know who the real culprits are, as always the real enemy likes to place its crimes on the host country!

Yes newensign the BEIC had a far bigger army and navy than the British State did at the time. It was privately owned by the oligarchs of course, so the the profits were private too

Below is the BEIC flag

Bit of a clue there who really runs the US wouldn't you say

The BEIC was Nationalised in 1874. So the deaths referred to in this article, 1880 to 1920, must be crimes of the State rather than BEIC

Quite true Pete, but when England went bankrupt in the early 1800's, the Bank of England took control of all the country's assets, including the Monarchy, the EIC although nationalised was a smoke and mirrors job See Punch cartoon – Disraeli swapping the crown of England for the Empress Crown of India!

"NEW CROWN FOR OLD ONE!"

David DuByne - Embrace the Awakening, Embrace the Cycle: The Water Bearer Returns

We see vast changes are occurring in every aspect of life exactly at the same time across the entire planet. Ask yourself why, and why at this time when vast electromagnetic Earth changes are timed out through October 2024 as the four gas giants form a square in the outer solar system that was last seen in 79 A.D, that our world is radically changing.

Johan Oldenkamp - The Giza Star Clock and the Transition of the Ages

In addition to the three larger pyramids, there were in total also eight smaller pyramids on the Giza plateau in Ancient Egypt. To many, it is clear that the three larger pyramids refer to Orion's Belt. These three pyramids were built below on the surface of our home planet, just as these three stars are above in the sky ("As Above, So Below"). More info...
